# Results

# P < 0.05

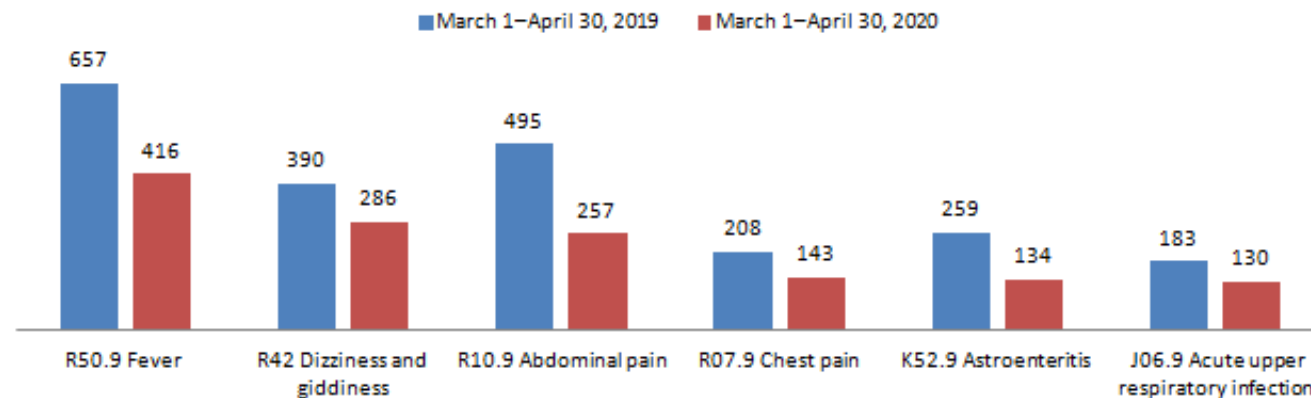

## Average monthly ED visits

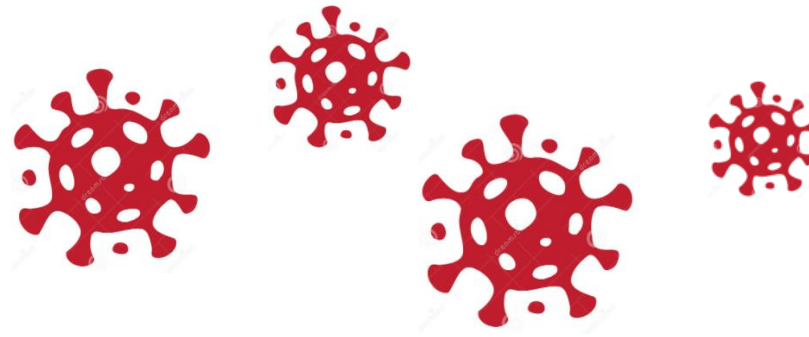

## Gender of the COVID-19 Pandemic

## Diagnostic categories

## Reduce Your COVID-19 Risk Remember the 3 Ws!

1 **Wash your hands frequently**  
Use soap and water for 20 seconds

2 **Watch your distance**  
Keep 6 feet apart and avoid large crowds

3 **Wear a mask**  
Prevent spread of COVID-19 and protect others

*Thank you for your attetion!*
